

Member Covenant

The State of California requires non-profit corporations such as churches to register an official membership which conducts at least annual meetings, and has a voice in its own government. In recognition of that, and out of our intention to serve Christ as His Body, we maintain an official membership of people who believe God has called them to be involved in serving Him through LifePoints Church.

While we offer official membership, it is in no way required for fellowship in this church, and certainly isn't required by God for salvation. We welcome all who love Christ or who are seeking Him to attend our church's meetings. Official membership, however, is a public commitment of loyalty and service to this church, and means accepting responsibility before the State and before the rest of this church body for its mission and ministries. We don't expect any more or less of those who would be members of this church than Scripture teaches should be expected of all who call themselves followers of Christ. On the application form opposite this page, relevant scripture references accompany the questions which call for an affirmative response.

Here are some questions pertinent to official membership in this church: Have you been faithfully attending and participating here at least six months? Are you living a life of obedience and dedication to Christ? Are you involved in a regular ministry of serving in some way in or through the church? Are you tithing (10% of your income) and contributing to the mission of the church?

If so, we invite you to become a covenant member of the church. After completing the information requested on the other side of this page, it can be turned in at the information window. You will be contacted personally within a couple weeks to confirm your intentions and answer any questions you may have.
